   New York, New York

September 4-7
   USTA Semiannual Meeting & Conference
   New York, New York
President’s Report

Welcome to the 2010 ITA Annual Meeting. This year I would like to recognize and praise the significant contribution that our volunteers have made within our region. Some will be singled out at the Annual Awards Banquet, but in my mind, all of our volunteers are worthy of awards.

It has been my good fortune to serve as President of this organization and to have had the support of the finest collection of talent within the USTA. I truly believe that our volunteers are the lifeblood and inspiration of the organization.

We are indebted to the many volunteers who give us their precious time and ideas, in order to help our wonderful staff achieve our mission, “To Promote and Develop the Growth of Tennis.” In the years I have served as a volunteer, I have been a witness to the many magnificent things that can be accomplished when there is a synergy between staff and volunteers. We have had such a great relationship in 2009. As you read the department reports, you will realize, with a sense of pride, that we have done much, and we can do even more.

Frank Adams
President
USTA Intermountain Board of Directors
Executive Director’s Report

Welcome to the 2010 USTA Annual Meeting.

The Tennis Industry Association recently announced that thirty million people in the United States played tennis in 2009 which is the highest participation numbers in more than 20 years. The USTA had set a goal of 30 million tennis players by 2010 and we have achieved that goal. The USTA Intermountain Section has had a good year as well. As of December 31, 2009 the Intermountain’s USTA Membership is at an all time high of 38,838 members which is up 1.8% over 2008.

Our most popular USTA Adult League is up 3.7%, Senior League is up 4.0%, Super Senior League is up 17.2% and the Mixed doubles participation is up 12%. I believe this proves that our local league programs provided by our Districts are a true value and even in tough economic times worth the price of admission. This year the 4.5 Women’s team from Las Vegas, Nevada won their National Championship while the 3.0 Women’s team from Bozeman, Montana took second and the 3.5 Women’s team from Orem, Utah took third. In the Mixed National Championships we had another Las Vegas, Nevada team take third in the 8.0 division while a Denver, Colorado team took fourth in the 2.5 division.

Our USTA Junior Team Tennis Sectional Championships was held in Denver, Colorado for the first time in several years and all six Districts provided teams for the event. For the first time, the Section also had all four Section Championship teams attend the USTA National Championships.

In 2010, the USTA Intermountain Section and our six districts will be focusing on growing tennis participation in the 10 and under market. We will be joining the USTA’s “focus on youth” initiative which includes all sections running various pilot programs to increase tennis programming using the QuickStart format and USTA’s Junior Team Tennis program.

As always, this annual report contains the participation statistics and program updates for the previous year. Please review this report so that you are aware of the successes we have had.

Adult Recreation & Competition

The USTA Intermountain Section is directly involved with five leagues: USTA League Tennis-Mixed Doubles Division, USTA League Tennis-Adult Division, USTA League Tennis-Senior Division, USTA League Tennis-Super Senior Division as well as ITA’s own Fall Mixed Doubles. The following reports represent the status of these leagues in 2009.

USTA League Tennis-Super Senior Division

USTA League Tennis Super Senior Division Section Championships will be held in March of 2010 for the 2009 league season. National championships will be held in April of 2010 in Surprise, Arizona for the 2009 league season. Section wide, all six districts had local leagues with total participation being 1,471 players.

Intermountain Fall Mixed Doubles

The ITA Fall Mixed Doubles League is exclusive to the USTA Intermountain Section. Players advance from their District playoffs to the Section Championship; but do not advance on to a national championship, as there is no national event for this league. This league is open to individuals age 19 or older with a team format of three doubles matches played. In 2005, this league changed format from a 3.0, 3.5, 4.0, 4.5 format to combined NTRP levels of 5.5, 6.5, 7.5, 8.5 and 9.5. Wild card teams are added randomly and if necessary, to allow some second place District teams to advance to the Section Championship. Players were also allowed to participate at the local level in more than one league provided the teams were different NTRP levels.

All six Districts ran fall programs and 21 teams competed at the 2009 ITA Fall Mixed Doubles Section Championship held at the University of Nevada in Las Vegas, Nevada, November 6 – 8, 2009. The 2009 ITA Fall Mixed Doubles League had a total of 3,742 participants.

USTA League Tennis Mixed Doubles

This league provided fun and excitement for the 4,160 men and women who participated. Players were allowed to participate at the local level in more than one league provided the teams were different NTRP levels. The 2009 league championship was held in Boulder, Colorado in July. Teams from all six Districts met at the Harvest House Sporting Association and the University of Colorado to compete in the USTA Intermountain’s 20th Mixed Doubles Section Championship. Over 250 players, on 22 teams, represented all six districts and four NTRP divisions. Wild card teams are added randomly and if necessary, to allow some second place District teams to advance to the Section Championship. The Champions were invited to participate at the National Championship in Tuscon, Arizona and Las Vegas, Nevada on November 20-22, 2009.

Recreational Tennis

USTA Tennis on Campus

The USTA’s Tennis On Campus program is designed to provide college students with opportunities for team camaraderie, social networking, and rivaled competition through tennis without the rigors of a varsity program. Perfect for athletes who have chosen not to make the jump from high school to college varsity, Tennis On Campus offers co-ed team-based play, regional and national championship competition, and helps students maintain active and healthy lifestyles through their college years. Currently, the program is offered on over 500 college campuses and services over 30,000 students. The USTA Tennis On Campus program is anything and everything recreational tennis on college campuses across the country. This includes sport club tennis teams, intramural tennis leagues and tournaments, recreational classes, and physical education classes. While all pieces of recreational college tennis are important, much of the Tennis On Campus program is focused on sport club tennis teams, like the USTA National Campus Championship, USTA Campus Championship - Section Events, and many of the other Tennis On Campus events. Contact the Intermountain Section office for more information, or visit the Tennis on Campus website, www.tennisoncampus.com.

In 2009, the USTA Campus Championship-Intermountain was held February 27-28th, at the Darling Tennis Center in Las Vegas, Nevada. Using the WTT format, 9 teams from 6 different Campuses battled it out for the rights to represent the USTA Intermountain Section at the USTA National Campus Championship. Participating teams were: Colorado State University, Montana State University at Bozeman, University of Colorado at Boulder, University of Denver, Utah Valley University and the University of Utah. In the end, the University of Colorado at Boulder had a strong showing and swept the Championship by taking 1st, 2nd, and 3rd place. They received an Automatic Bid into the 2009 USTA National Campus Championship that took place April 16-18th, in Surprise, Arizona. During the 2009 USTA National Campus Championship, the University of Colorado at Boulder took 2nd place out of their initial pool and was placed in the Silver Bracket. Fighting hard, the team beat UCLA and fell short against UC-Berkeley. The team eventually placed 6th in the Silver Bracket by beating Stanford and succumbing to Virginia Tech. The 2010 USTA Campus Championship-Intermountain will be in Salt Lake City, February 26-27th.

**USTA Tennis Wheelchair**

The 2009 USTA Intermountain Section Wheelchair Tennis Instructor’s Clinic, Tennis Camp, and One-up One-down Tournament took place on August 21-23rd at the Ken-Caryl Ranch House in Littleton, Colorado. The Events were made successful with the help of Dan James, Frank Adams, Rich Berman, the Colorado Tennis Association, the Colorado Wheelchair Tennis Foundation, and the local volunteers.

The Event was held over three days and open to all instructors and players. The Instructor’s Clinic was held Friday morning and taught instructors the fundamentals of wheelchair tennis mobility, play and competition. Immediately following the Instructor’s Clinic, the Wheelchair Camp began on Friday afternoon and all day Saturday. The players ranged from beginners to advanced tournament players. The players worked hard through a mix of drills and match-play, but found time to socialize and cheer each other on. The group ended the weekend with a One-up One-down Tournament on Sunday.

**USTA Jr. Team Tennis**

USTA Jr. Team Tennis is a national youth tennis league that brings kids together in teams to play singles, doubles and mixed doubles against other teams. It promotes social skills and important values by fostering a spirit of cooperation and unity, as well as individual self-growth. Also, it’s a fun environment for kids in which they learn that succeeding is really more about how they play the game – win or lose.

USTA Jr. Team Tennis is designed for kids ages 5-18. The kids are divided by age and play levels falling into one of several age groups: 18 and under, 14 and under, 12 and under, 10 and under, and 8 and under. They are immediately placed onto teams. Matches can be held anywhere from a local park or school to a commercial or private club. Contact your District office to find out how to join USTA Jr. Team Tennis.

Each Intermountain District has varying age divisions and levels for juniors to participate in. Participation numbers from the districts are listed below.

USTA School Tennis

USTA School Tennis was conceived to ensure that every young person would be exposed to tennis in the hopes that they continue to play throughout their lifetime. USTA School Tennis strives to introduce students to the basic skills of tennis during physical education classes as well as extracurricular and after school programs.

Player Development

2009 was another successful year for USTA Intermountain’s Player Development with accomplished
tournaments and high player participation. The Snowball Sectional was the only Sectional that had a slight
decrease of 25 participants, while the Summer Sectional and Great Pumpkin Sectional had excellent numbers.
The Summer Sectional had 23 more participants this year than last (5.3% increase), while the Great Pumpkin
Sectional had an overwhelming participation increase of 75 more participants (22.1% increase). The Sectional
participation was higher than the 2008 year on a whole by 6%.

2009 Player Development-USTA Intermountain Juniors

It was a great year for USTA Intermountain junior participants. They competed well outside the Section and
many players reached new personal goals as well as gained notoriety for their successes both sectionally and
nationally. Congratulations to everyone who participated and special thanks to those who provided support
for the players.

2008 USTA National Rankings

329 USTA Intermountain juniors received national rankings and honors in 2008. That is an outstanding 55
player increase from last year. The highest nationally ranked female was #5 and the highest nationally ranked
male was #18. We also had one female junior compete in the Junior U.S. Open (Asia Muhammad – Nevada).
Congratulations to these juniors as well as the many others who competed on the national scene, but did
not meet ranking requirements. National ranking lists for each age division are displayed at www.usta.com.

USTA Intermountain Sectional Championships

The three USTA Intermountain Sectional Championships were a tremendous success in 2009. The Utah
Tennis Association directed the Snowball Sectional and the Summer Sectional, and the Nevada Tennis
Association directed the Great Pumpkin Sectional. These three events ran smoothly and were a huge triumph
with the enormous help from the hosting districts and many dedicated volunteers. A big “thanks” to all the
Districts for their hard work.

The Snowball Sectional Championship in Salt Lake City, Utah, January 16 – 21, 2009, welcomed us into the
year. Every District was proudly represented and there were a total of 405 participants compared to the 430
players last year – a 25 player difference. The only entirely indoor Sectional for the juniors was a hit as usual,
and players and supporters alike were thrilled at the high level of competition.

The Summer Sectional Championship was also hosted in Salt Lake City, Utah from June 9 – 14, 2009. 455
players participated in this tournament, making it the largest Sectional tournament held in the USTA
Intermountain Section. Players battled for top endorsement spots into Zonals, Intersectionals, USTA Boys and
Girls Team Championships, and World Team Tennis Junior Nationals. This Sectional is indirect endorsement; it
takes into account a player’s record from the past six months ending with the Summer Sectional.
The Great Pumpkin Sectional Championship hosted in Las Vegas, Nevada was held from November 5 – 9, 2009, was a hugely popular tournament again this year. There were 413 participants as compared to 338 last year – a 75 player increase making it the largest grown Sectional tournament in 2009. Players enjoyed high levels of competition in this direct endorsement tournament. Congratulations to all who participated this season!

Circuit Tournaments

All five Circuit Tournaments were again a success this year. It was great to see all Circuits offer doubles. There were a total of 1,304 participants in the Circuits. Offering an extra site for both the BG16’s and BG18’s Memorial Day Circuit have continued to keep these numbers up. This change, which was made in 2007, allowed for many more players to participate in these popular events, and it made for extremely competitive matches between the top players in our Section. Highly qualified tennis professionals in the area run our Circuits, and the success of the tournaments is a great reflection on their dedication to our juniors. To convenience the parents and players, these tournaments are held in multiple locations throughout the Section. The compass draw format offers juniors multiple matches and the opportunity to develop their game and compete with players of a similar competition level.

Slammin’ 10s Inter-Sectional Team Rally

The USTA Intermountain Coaches Commission sent a talented team of 10 & Under to Arlington, Texas for an Intersectional Rally. The other Sections involved were: Texas, Southwest, Midwest, and Missouri Valley. Team Intermountain (also known as “Intermountain Foam Fingers,” which was a name given by the team) had a fantastic time. The team was coached by Sue Burke (Colorado) and Tiffany Clifford (Colorado).

Community Development

Community Tennis Associations (CTA)

In 2009, tracking of CTA Organizational Members and all other known CTA’s continued. These numbers are listed below. The new uniform renewal process requires all existing CTA’s to renew their registration beginning in the designated month of November. All CTA’s will receive an automatic renewal notice every November. The USTA Community Tennis Division is currently developing a new streamlined registration system designed to improve the efficiency of the registration process. The highlight of this new system is the combined database of CTA’s and NJTL’s to enhance reporting and minimize duplication. The 2009 renewal process will require every association to complete a new application to be registered in the new database. The Community Development Committee completed an informal survey to capture information and data that supports the USTA Intermountain Section’s commitment to strengthen its relationship with these associations. Results will be shared at the 2010 ITA Annual Meeting. Through the Adopt-A-Court Program, the ITA received eight applications in 2009. One-half of these applications fully met all of the requirements for funding.

### USTA Intermountain Section Registered Community Tennis Associations as of October 31, 2009

Park and Recreation

USTA Intermountain’s partnership with Park and Recreation (P & R) throughout the Section is an essential link to growing the game. Reports have shown that over 70% of tennis played in the United States is typically played on our public park courts. Based on this information, it is clear that tennis “starts in parks.” The Section measures our progress by cultivating relationships with park and recreation facilities and tracking USTA Organizational Memberships. The table below demonstrates the current number of Park and Recreation Organizational Members in the USTA Intermountain Section by District.

**USTA Intermountain Section P & R Organizational Members as of December 31, 2009**

**USTA National Junior Tennis & Learning Network**

Founded by Arthur Ashe, Charlie Pasarell and Sheridan Snyder in 1969, USTA National Junior Tennis & Learning Network (NJTL) has positively affected the lives of thousands of kids across the nation. The total number of active USTA NJTL chapters and programs are listed below.

In November of 2009, the USTA Intermountain Section was honored to have two of its NJTL Chapters receive recognition for their outreach and continued success in providing tennis programming to youth. Blackfoot Summer Tennis, and First Serve Fort Collins were awarded NJTL Section Chapters of the year. Each organization will be recognized with a plaque decorated in their honor. Congratulations to these two special NJTL Chapters! USTA Intermountain is also proud to announce the section winners of the Arthur Ashe Essay Contest in 2009: Kacey Walisundara, Sashini Walisundara, Sashith Weerasundara, Samantha Weerasundara, James Brunt, Ariel Tarbet, and Nicole Santero. The contestants this year wrote their essays based on the inspired words of Arthur Ashe, “From what we get we make a living, what we give, however, makes a life.”

In the continued vision to keep the contest fresh and thriving, the national office will endeavor to change the essay quote each year so participants that enter more than one year in a row will have a new inspiration to draw from. A new addition to the contest allows participants 12 years of age and younger to enter their response in the form of art. In the summer of 2009, the USTA Intermountain Section was the site of the NJTL Leadership Camp.

Multicultural Participation

In 2009, the Multicultural Participation Committee remained diligent in meeting the fiscal priority of reviewing the individual and program grant applications for multicultural participation, and submitting grants for tennis development and program enhancements. The committee’s motivation for 2010 is to strengthen its dedication and impact on diversity and inclusion within the entire USTA Intermountain committee and program structure. In March 2009, the USTA Intermountain Board approved the amended Diversity Plan for 2009 – 2012. A copy of the plan is available for review at: www.intermountain.usta.com.

Marketing & Communications

Highlights to our marketing and communications efforts in 2009 include: creating direct mail pieces lapsed league players and implementing a section identity campaign via a staff task force. Bag tags, t-shirts and foam fingers were sent to all adult and junior participants competing in any national event. An art contest for junior players was also held. The winning piece is the cover of the 2010 Tournament Schedule and Player Handbook. The Board and Staff were given polo shirts with the logo to also help create section awareness.

The Marketing and Diversity Departments continued to work closely together to strengthen relationships with local Chambers of Commerce. Several ads were again placed in local Chamber of Commerce Directories.

Block Parties were held in all of our Districts, mostly in May to celebrate Tennis Month. Five Block Parties throughout our Section received a $500 marketing grant from the National office. Several other Block Parties received Section and/or District funding for their event.

intermountain.usta.com

Statistics show that the USTA Intermountain website’s monthly page impressions were over 106,900 last year averaging 8,900 impressions per month. It is estimated that of the 34,350 total user sessions for the year, 1,842 are unique visitors.

intermountain.com e-newsletter

The USTA Intermountain Section’s bi-monthly email communication continues to drive traffic to the Section and District websites. The publication features Section news and offers space to each District for local news and events. Statistics report that the e-newsletter currently has more than 2,090 subscribers. Statistics also show that Section information like USTA League, Player Development, Championship information and District news are some of the most viewed stories, so we highly encourage Districts to submit articles. About half of the subscribers that open the email are clicking on links within the newsletter.

2009 Annual Award Honorees

USTA Intermountain Annual Award Honorees

Family of Year Award
Young Family – Colorado Springs, CO
This award is presented annually to a family within the USTA Intermountain Section who has exemplified the benefits of tennis as a family recreational sport and has contributed to their tennis community in a significant way. Section winners are submitted to the USTA for the National Family of the Year Award.

Nikos Ridle Award
Aaron Lapkin – Cheyenne, WY
This award is presented annually to a junior tennis player within the USTA Intermountain Section who exemplifies the spirit of tennis through their activities on and off the court. The award is given in memory of Nikos Ridle, a nationally ranked junior player from Billings, Montana, who was killed in an automobile accident at age 19. Section winners are submitted to the USTA for the Bill Talbert Junior Sportsmanship Award.

Jan Dowse Award - Volunteer of the Year
Rene Williams – Laramie, WY
This award is named after Jan Dowse, former Executive Director of the Utah Tennis Association. Jan served the Utah and Intermountain tennis community for more than two decades, and her contributions to the sport she loved are too numerous to count. In her honor, this award is given annually to the USTA Intermountain Volunteer of the Year to recognize his or her outstanding contributions, personal unselfishness and devotion to the game.

Media Excellence Award
Andy Zodin – In the Tennis Zone 1510 am – Lakewood, CO
This award is given from time to time to outstanding media (print, TV, radio, or electronic) associations in the USTA Intermountain Section who go above the normal role of media to help promote the game of tennis in their area. Section winners are submitted to the USTA for the National Media Excellence Award.

Barbara Clark/Multicultural Participation Community Service Award
Kevin Smith – Salt Lake City, UT
Initiated in 2000, as the Community Service Award, this award was renamed in 2006 to honor Barbara Clark, who died in September 2006. She was a longtime employee of the Section who was an ambassador for this award. This award is given annually to honor an individual in the USTA Intermountain Section who, through tennis, has made a significant contribution to multicultural populations and communities in our Section.

Organization of the Year Award
Andre Agassi Charitable Foundation – Las Vegas, NV
This award is given annually to recognize the services rendered to Intermountain’s USTA members by its member organizations: Community Tennis Associations, Clubs, Park and Recreation Departments, etc. Section winners are submitted to the USTA for the National Organization of the Year Award.

Developmental Coach of the Year Award
Brad Ferreria – North Salt Lake City, UT
Initiated in 2000, this award is given to recognize the outstanding individual efforts of a developmental coach in the USTA Intermountain Section. This Coach is being honored for his or her endless dedication to developing junior tennis players at all ability levels through teaching and coaching, presence at tournaments and events, and the ability to positively impact the lives of their junior players on and off the court.

David Freed Award
Vicky Matarazzo – Lakewood, CO
This award is given from time to time to an individual for lifetime service to tennis within the USTA Intermountain Section. This award was first introduced in 1988 and given to David Freed of Salt Lake City, Utah. David served as Intermountain’s Secretary and Treasurer for 39 years from 1936-1975.

Recipient biographies will be available on intermountain.usta.com.
