- a. The umpire must take action as soon as he or she becomes aware that coaching, advice, or instructions (either verbally, by signals, or electronic device of any kind) is being given to a player. If the umpire is unaware "coaching" is being given, a player may make a quick visit to the desk to notify the referee or tournament official that coaching is being given to his or her opponent.
- b. The umpire must take immediate action if a player becomes unsportsmanlike and continually stalls; makes bad line calls; foot faults; uses profanities and/or obscenities; abuses the racquet, equipment or balls, etc. If the umpire is unaware of this situation, the player may make a quick trip to the desk to advise the referee or tournament official that these infractions are both audible and visible violations by his opponent.

conduct, he or she shall suspend play and request that the person desist. If the abuse continues, the official may direct the person to leave the tournament area. In a flagrant case, the official may immediately direct the person to leave without requesting him to desist.

- c. If the person refuses to follow the instructions to leave, then the official may penalize the player associated with the person under the Point Penalty System.
 - d. The Florida Suspension Point System will be implemented in Designated, Sectional, and State Closed events.
- 6. Retirements**- A retirement occurs when a player is unable or unwilling to continue play after a match has commenced. When a player retires, it is a loss for the player retiring and a win for that player's opponent.
- 7. Disciplinary Defaults** - When a player is defaulted for disciplinary reasons, it is a loss on his or her record and a win for his or her opponent. A disciplinary default in the main draw precludes a player from further competing in the tournament (singles, consolation or doubles). Tardiness is not considered to be a misconduct infraction.
- 8. Completion of Suspended Matches** – When a match is carried over from a previous day, it should be counted as a match if the player so elects and if 12 or more games of singles or 16 or more games of doubles are required to finish the match.
- 9. Heat Index Rule** - Whenever the temperature and humidity are expected to be 90(F) or higher; and humidity 30% or higher the Referee may invoke the Heat Index Procedures:
- a. *Defined:* Heat Index is the combination of temperature and humidity that could result in a serious combination of dehydration and overheating within the body.
 - b. *Procedure:* Activation of the Heat Index Rule simply means that everyone will take a mandatory ten-minute rest before starting a third set.
Note: This applies to BG 18's and BG 10's who do not normally get a full ten-minute mandatory rest if they split sets. This has no impact on the 12, 14, and 16 age divisions who get a ten-minute rest anyway.
 - c. When the Heat Index Rule is put into effect, it will apply to all singles and doubles matches already in progress. It will remain in effect for all matches that started under the Heat Rule even if rescinded by the Referee during the match. (If you start with it – you finish with it).
 - d. The ten-minute rest is mandatory for everyone even if the match format requires a Match Tiebreak in lieu of a third set.
- 10. Lightning Procedures:** Referees should be prepared for immediate cessation of all matches if lightning is sighted. All activities should stop and everyone should seek appropriate shelter.

The 30 – 30 rule may be used:

- If lightning is sighted and the thunder occurs in 30 seconds or less, clear all court activity and seek shelter.
- Dividing the number of seconds from “flash to bang” by 5 gives the distance of lightning in miles. (Ex. 30 seconds equals 6 miles).
- Court activity should not resume until a minimum of 30 minutes has elapsed since the last lightning was seen.
